TITLE
CIVIL AVIATION COLLEGE QUALITY COMMISSION MEETING

AGENDA ITEMS	
1. Completion of Preparations for the 2026 Cross-Peer Review Program	
2. Evaluation of Surveys in the Event Management System	
3. General Assessments	

SCOPE

A meeting was held with the members of our college's Quality Commission on October 22, 2026. During the meeting, assignments were made regarding the 2026 Cross-Peer Review process. The review of the departments' websites was also reiterated. Ideas were exchanged regarding events and activities to be held at our college. The student representative was asked about suggestions and feedback received from students; it was noted that students' expectations were generally met and that they had not yet made any new requests. Finally, the menu and pricing information received from a business operating in Keçiborlu that provides weekly meal services to students and staff was shared at the meeting, and the student representative was informed about the need to gather feedback from students.

Surveys received through the Event Management System regarding the events held at our college have been evaluated by our Commission. The survey results show that our students have a high level of satisfaction, and it is observed that holding such events is recommended.
It has been determined that these activities have contributed to our students' development. Following discussions with officials from the Isparta Provincial Directorate of Family and Social Services, it was decided that the "Life Without Violence Against Women" activities will be held regularly every year.
