The data was collected online via the following link:

AGENDA ITEMS

1. Opening Speech (Assoc. Prof. Dr. Yasin ÿÖHRET)
2. The transformation of our vocational school into a faculty.
3. Board members' evaluations and recommendations
4. Wishes and requests
5. Closing

SCOPE

The meeting was held with the Unit Advisory Board Members;

1- Among our college's Unit Advisory Board members, the Head of the Aircraft Fuselage Engine-Maintenance Department and Deputy Director of the College, Assoc. Prof. Dr. Yasin ÿÖHRET,
2- Cemil TOSUNOÿLU, Assistant Financial Secretary of the Aircraft Technicians Association (UTED),
3- Fatih ERGÿN, Turkish Technic (Employment Chief (Technical)),
4-ERAH Aviation Academy (Production Planning and Control Manager) Mehmet Ali GENÇ, and 5-College Secretary Nurcan HATAPCIOÿLU attended the meeting. The meeting, held with the Unit Advisory Board Members, discussed the following:
-Our College's Deputy Director, Assoc. Prof. Dr. Yasin ÿÖHRET, reminded us that three departments were opened in our college by the Council of Higher Education (YÖK), and that the Aviation Management Department currently has active students. He also noted that work is ongoing to enable the Aircraft Fuselage-Engine Maintenance and Aviation Electrical-Electronics Departments, which were approved by YÖK but do not yet have active students, to obtain the SHY-147 authorization certificate from the General Directorate of Civil Aviation (SHGM) and become recognized schools. To ensure that these inactive departments can begin education and training as soon as possible and strengthen academically, new teaching staff have been added to our faculty.

He stated that our hangar project has recently been approved and that planning for its construction is ongoing. The main agenda item of our meeting was the transformation of our school into a Faculty, highlighting the importance of the sectoral perception difference between a faculty graduate and a vocational school graduate, and the fact that vocational schools are perceived as two-year programs by various sectors. Therefore, advice and opinions on this matter were requested.
-Our Advisory Board members Cemil TOSUNOÿLU, Fatih ERGÿN, and Mehmet Ali GENÇ stated that regarding the transformation of our school into a faculty, they noted that graduates of vocational schools are perceived as equivalent to graduates of two-year programs, that two-year program graduates are employed and hired as technical support staff after a six-month training and trial period, while faculty graduates are hired directly, resulting in financial losses and certain promotion and exemptions. Therefore, they recommended and approved the transformation of our school into a faculty.
