SCOPE

Our Unit Advisory Board met online on October 30, 2025, at 2:15 PM.
Our College's Head of Aircraft Maintenance and Repair Department, Prof. Dr. Yasin ÿÖHRET, provided participants with a general overview of our college's educational processes, student admissions to the department, the hangar's status, and construction processes.
Afterwards, Prof. Dr. Yasin ÿÖHRET left the meeting, and the meeting concluded with the College Secretary Oÿuzhan Kürÿat UÇAR and our Advisory Board exchanging views on agenda items and other matters.

DECISIONS AND RECOMMENDATIONS:

1- It was unanimously decided by those present at the meeting that Dr. Cengiz Mesut BÜKEÇ, Associate Dean of the Faculty of Aviation and Space Sciences at Girne University, be elected as the Chairman of the Board for a period of 1 (one) year.

2- The participants in the meeting unanimously decided that the vision and mission of the School of Civil Aviation were appropriate.

3- The views and suggestions of our members who attended the meeting are presented below in bullet points:

Dr. **Cengiz Mesut BÜKEÇ,** Associate Dean of the Faculty of Aviation and Space Sciences, Girne University :

- It would be beneficial to include the concepts of sustainability and Industry 5.0 in the college's vision and mission, • Studies should

be conducted on training models that can develop "non-technical" skills along with technical skills in aviation education,

- Based on the recommendation mentioned above, attention – perception – stress management and safety – They stated that training on topics such as security could be provided through Continuing Education Centers or with the support

of ERAH, and that they were ready to support our College on matters related to them.

They have stated this.

ERAH Aviation Academy (Production Planning and Control Manager) **Mehmet Ali GENÇ**

- Training and educational activities that will begin after the hangar is handed over
  They stated that they were ready to provide support.

By **Ömür CANÿNSAN,** President of the Aircraft Technicians Association (UTED)

The views and suggestions mentioned are:

- There is a general uncertainty regarding aircraft maintenance and repair, the established criteria sometimes conflict, and this affects the training processes.
  that it is reflected
- While the status of a Recognized School is important, the realities of the sector are more important for students, and work needs to be done to address this issue.
- Students should be supported with extracurricular modules and training.
- They stated that they were ready to provide support on the issues mentioned.

The following points were mentioned by **Oÿuzhan Kürÿat UÇAR,** Secretary of the School of Civil Aviation :

- He expressed his gratitude to all participants for their valuable contributions, advice, and suggestions, and stated that these contributions were very important for our school.
- Regarding the suggestion about the internet; teams from the IT Department were called in and the necessary checks were carried out, but it was determined that the problem stemmed from the inadequacy of the internet supply from the district.
- Regarding the suggestion about computers; all computers have been checked and any deficiencies have been rectified, but due to austerity measures, new computers cannot be purchased, resulting in a hardware shortage.
- It was stated that members of our Advisory Board can share all their recommendations, suggestions, and criticisms with us at any time, that this feedback is very valuable to our Unit, and that it is very important that all participants express their readiness to support our students and our school.
